

A monthlong giving movement benefiting Family Compass

Happening July 2024, Helping Hands for Healthy Families is the perfect opportunity to participate in the important work of Family Compass. Through any initiative of your choosing, we invite you to fundraise and give back to the agency to do your part in preventing child abuse and neglect in North Texas. Whether it be with your neighbors, coworkers, friends, family, or simply an idea you do on your own, everything makes a difference! Choose your own adventure.
